

EXPLOSIVE PRODUCTS

INSTANT DETECTION

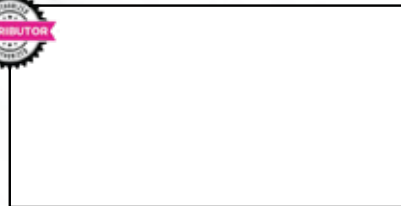

Peroxide Base **PB33**

EXPLOSIVE DETECTION WIPES

As easy as Open. Wipe. Look. #OWLmethod

Detects: TATP, HMTD, MEKP, Urea Peroxide.

Available Purchase Options:

10 PRETREATED WIPES

Aliphatics **AN37**

EXPLOSIVE DETECTION WIPES

As easy as Open. Wipe. Look. #OWLmethod

Detects: Penaerythitol Tetranitrate (PETN), Erythritol Tetranitrate (ETN), Cyclotrimethylenetrinitramine (RDX), Cyclotetramethylene Tetranitramine (HMX), Composition-4 (C-4), Nitrocellulose (NC, Guncotton), Urea Nitrate (UN), ANFO (AN/FO), Ammonium Nitrate (AN).

Available Purchase Options:

10 PRETREATED WIPES

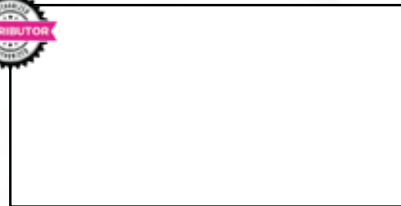

Aromatics **NB36**

EXPLOSIVE DETECTION WIPES

As easy as Open. Wipe. Look. #OWLmethod

Detects: 2,4-Dinitrotoluene (DNT), 2,6-Dinitrotoluene (DNT), Trinitrotoluene (TNT).

Available Purchase Options:

10 PRETREATED WIPES

Perchlorate Oxidizer **PCO35** EXPLOSIVE DETECTION WIPES

As easy as Open. Wipe. Look. #OWLmethod

Detects: Ammonium Perchlorate, Potassium Perchlorate.

Available Purchase Options:

10 PRETREATED WIPES

Chlorate Oxidizer **CO40** EXPLOSIVE DETECTION WIPES

As easy as Open. Wipe. Look. #OWLmethod

Detects: Ammonium Chlorate, Potassium Chlorate.

Available Purchase Options:

10 PRETREATED WIPES

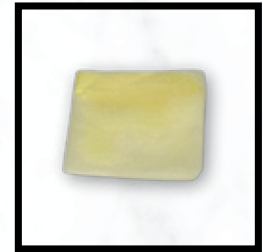

Trace Eye-D is a security products developer and manufacturing company headquartered in Tampa, Florida, with its laboratory and production facility in nearby Sarasota. Our technology is designed to equip, law enforcement agencies and other security providers with solutions for drug enforcement, counter-terrorism operations and threat detection.
